Ishtar – Chocolate That Tells a Story as You Taste It

In a world that never stops changing, some flavors remain timeless... born of passion, crafted with expertise, and presented with perfection.

About Our Company

From this vision, Ishtar Chocolate & Confectionery was founded in 2010 under the trademark **SWEISS** – Chocolate, embarking on a journey of creating and perfecting chocolate in its many forms and flavors. Between 2014 and 2015, the company witnessed a remarkable transformation through a carefully designed expansion plan. This milestone was crowned by moving into a modern three-story facility in Marka, establishing an integrated production and marketing structure. Today, our team includes over 100 highly skilled employees, supported by a specialized logistics unit operating more than 11 distribution vehicles serving the local market. By 2025, our products have proudly reached more than 12 countries worldwide.

In a world overflowing with flavors and endless details, Ishtar was born to be more than just chocolate...

It is a love story told in the language of cocoa, a passion rooted in every piece we create—dedicated to chocolate enthusiasts around the globe. From mastery to refinement, Ishtar blends the essence of the East with the elegance of the West, offering a tasting experience that transcends expectations. Every creation reflects identity, embodies creativity, and delivers exceptional quality. We do not simply make chocolate—we craft moments, leaving behind the mark of **SWEISS**, as timeless as a beautiful memory.

Sweiss: A Legacy of Chocolate Excellence

At **Sweiss**, we pride ourselves on our **heritage of quality** and luxury in chocolate making. Our commitment to using only the finest ingredients and expert craftsmanship ensures that every piece we create delivers an exquisite experience. Our chocolates are not just confections; they are a celebration of artistry and passion.
